Ready for a challenge?

Send us your audio-visual collage!

Are you bored of sitting at home, not being able to visit friends, meet new people, travel, or explore new activities? Are you curious to rediscover your everyday surroundings in a whole new way? Then participate in the TIES student challenge!

Goal

Create an audio-visual collage to respond to one of the two prompts:

1. **Identity walk.** Go on a journey through your neighbourhood and carefully observe the places you pass through or hang out at every day. Take pictures and sound recordings to show us what makes you feel at home and what is unfamiliar to you.
2. **Things that migrate.** Choose one object that is important in your everyday life and retrace its journey. Ask yourself questions like: Who made it? Who used it before you? Where do its different parts come from? Take pictures and sound recordings that remind you of the origins and journey of this object.

Guidelines

- The contest is open to all school students between the age of 12 and 16 across Europe.
- You can participate in the contest alone or with a friend.
- Your audio-visual collage must contain 3-5 photos and 3-5 audio recordings (max 1 min. each) taken specifically for the challenge. Each photo should be accompanied by one audio recording.
- Your audio-visual collage should be accompanied by a 100-250 word introduction explaining how your collage responds to the prompt.

Prize

Graphic by vectorified.com

- The TIES jury will select two winners per prompt
- Each winner receives:
  - Bluetooth ear buds
  - Publication of your collage on our homepage
  - A small surprise

Win a pair of **Bluetooth ear buds!**

Deadline & Submission

- The challenge closes on 31 May 2021, at 17.00 CEST (Amsterdam time).
- You can find the link to the submission platform here: **www.teachingmigration.eu/challenge**
